### Overview:

“Explore the beautiful Annapurna massif and understand why it has fascinated adventurers, explorers and travellers throughout the decades, the Annapurna Circuit Trek is the right adventure for you to join with us.”

It is Snowy Horizon and team to guide you through the region [Annapurna](#) introducing you to remarkable landscapes and people through [Annapurna Circuit Trekking](#), which is also renowned as the [Throng La Pass Trekking](#). There is plenty to discover for mountain lovers, trekkers and anyone with a curiosity for nature and culture in the [Annapurna Circuit trekking](#) route. Annapurna I, the 10th highest mountain in the world and the first peak above 8000m to be climbed is just the most well known attraction in the route. However there are countless highlights along the way and the [Annapurna massif](#) in its entirety is just stunning and of course it is not just for mountaineers but for the trekkers as well. As there is a lot to see in the Annapurna region and you'll need a bit of time to take it all in, [Annapurna Circuit trekking](#) is one of the best options. Traditionally, the full [Annapurna Circuit Trek](#) ends in Beni or in Tatopani of Myagdi District of [Gandaki Province](#) of Nepal. We commonly plan for 18 days for the entire trip. But for trekkers with limited time, it can now also be finished at Muktinath/Jomsom and we can flexible adjust the itinerary to your demands as alternative.

[The Throng la Pass trek](#) starts from Dharapani of Manang District of Gandaki Province after an overland journey from Kathmandu up the Besishahar by surface buses or private vehicles as per group size and to Dharapani by the 4W/D jeep private or sharing through wonderful Marshyangdi Valley. From Muktinath, after crossing the highest pass known as Throng-La, overland transportation is available if required.

[The Annapurna Circuit Trek](#) has been incredibly popular since it was first opened to foreigners in the early 1980s. But far from being too crowded, it is still a very personal experience and at Snowy Horizon we make sure you can feel the adventurous spirit. There are more remote, more challenging and more exotic trails elsewhere but there is still something very special about the [Annapurna Circuit Trek](#) that captivates first-time visitors as well the 'regulars'.

Snowy Horizon will thus take care of the logistics for your [trekking on Throng La Pass](#) so that you can focus on the physical challenges, the cultural impressions as well as the stunning nature of the route. For many of the trekkers this trek has proved to be a highlight in their life providing the fuel for new challenges. And others simply visit again and again. Whatever it'll mean to you, Snowy Horizon will be happy to accompany you on this journey. Contact us for more information and individual advice.
